What do you do?

1. CSA Group Service Delivery staff will contact you to address compliance with each revision as applicable to the product designs covered in your affected Certification Reports. In addition to updates to your Certificate(s) of Compliance & Report(s), testing may be required to comply with these revisions.
2. Please respond within thirty (30) days of receiving CSA Group's "Application for CSA Certification Services" and "Quotation" communication. You must respond no later than December 1, 2023 in order to guarantee the update to your certification is completed by May 1, 2024. If testing is needed, we will inform you of the samples required.

Approvals:

This Notice announces publication of standard CAN/CSA-C22.2 No. 60335-2-31:19 which was published in April 2019. The requirements are based on IEC 60335-2-31 Edition 5.1 with Canadian deviations.

After effective date May 1st, 2024, all CSA certified range hoods covered by CSA standards C22.2 No. 113 and CAN/CSA-E60335-2-31 shall comply with CAN/CSA-C22.2 No. 60335-2-31:19.

Background and Rationale:

This is the fourth edition of CSA C22.2 No. 60335-2-31. It supersedes the previous edition published in 2012 as CAN/CSA-E60335-2-31. It replaces the requirements for range hoods found in CSA C22.2 No. 113-15, Fans and ventilators.

This standard is intended to be used in conjunction with CAN/CSA-C22.2 No. 60335-1:16.

The standard edition or amendments announced in this Notice may be used for certification as of the date of issue of this Notice. The "Effective date" in this Notice is the date on which the current requirements, applicable to Certified products listed in the affected class numbers, expire and the standard edition or amendments announced in this Notice become the only requirements that may be used for certification.

In the event that currently certified products do not comply with the latest requirements outlined in this Notice after the "effective date", the certification of such models may be discontinued.
