

CERTIFICATION Notice

An Urgent Bulletin from CSA Group

Wiring Devices No. 118

Effective Date: December 31, 2019

Date: February 26, 2018

Apply Before July 31, 2019

Announcing: Publication of Updates No.1 & 2 for CSA Standard C22.2 No. 65 / NMX-J-543-ANCE / UL 486A-486B Wire Connectors

See Attachment 1 for affected Class Numbers.

To purchase the Standard, visit us at www.shop.csa.ca

Who is affected?

Manufacturers of wire connectors.

What do you do?

1. CSA Group Service Delivery staff will contact you to address compliance with each revision as applicable to the product designs covered in your affected Certification Reports. In addition to updates to your Certificate(s) of Compliance & Report(s), testing may be required to comply with these revisions.
2. Please respond within thirty (30) days of receiving CSA Group's "Application for CSA Certification Services" and "Quotation" communication. You must respond no later than July 31, 2019 in order to guarantee the update to your certification is completed by December 31, 2019. If testing is needed, we will inform you of the samples required.

Approvals:

This announces the publication of updates #1 & 2 for CSA Standard C22.2 No. 65 / NMX-J-543-ANCE / UL 486A-486B Wire Connectors. This update amends the published standard and adds additional requirements that currently certified products are required to meet.

Major Revisions:

The revisions in Update #1 & 2 include clarifications to stranding requirements for conductors 2 AWG and larger in the US, addition of an optional uninsulated control conductor for temperature measurements, and a change from 0°C to -10° for low temperature installation test (for Canada). Wire Connectors currently certified are required to resubmit for testing of low temperature insertion.

For questions specific to your file or products contact your CSA Group technical staff associate.

Go to <http://www.csagroup.org/services/testing-and-certification/product-listing/> and enter your Master Contract # and the class numbers associated with this Notice to determine which of your products are affected.

For technical questions on this Certification Notice

Contact Todd Hamden
by phone 416-747-2225, fax 416-747-4149
or e-mail todd.hamden@csagroup.org

The standard edition or amendments announced in this Notice may be used for certification as of the date of issue of this Notice. The "Effective date" in this Notice is the date on which the current requirements, applicable to Certified products listed in the affected class numbers, expire and the standard edition or amendments announced in this Notice become the only requirements that may be used for certification.

In the event that currently certified products do not comply with the latest requirements outlined in this Notice after the "effective date", the certification of such models may be discontinued.

Visit us at www.csagroup.org where you can click on "Contact Us" for the online phone listing of our Offices and Partners.
